

Charity Spotlight

I am always so excited to find new organizations for Diazo to partner with. Making an impact on our community, particularly for its children, is a passion Justin and I share. This quarter I am highlighting a new partner, Gigi's Playhouse Las Vegas.

With over 450,000 individuals with Down syndrome living in the US alone; and including impacted parents and siblings, over 2 million people face this diagnosis every single day. 1 in 775 live births results in a Down syndrome diagnosis. Down syndrome is the largest chromosomal disability in our country and yet, it is the least funded.

GiGi's provides not only resources for families, but also support and community. From a prenatal diagnosis to career skills, they make a lifetime commitment to remain by their side. Families are empowered with all the tools their child needs to succeed! Together, GiGi's seeks to change the way the world views Down syndrome and send a global message of acceptance for all.
